

# The Weaver Eyeglass Guarantee

## YOUR EYE HEALTH

At Weaver Eye Associates, we believe that clear, comfortable vision is a precious gift. To protect this gift, we are dedicated to providing you with the most advanced vision care. We provide a thorough eye examination to help detect sight-threatening illness, with computerized vision testing and pupil dilation, glaucoma and cataract checks.

## SERVICE THAT PUTS YOUR NEEDS FIRST

We make your needs a priority. That's why we offer same-day appointments and address all emergencies promptly. In addition, we always welcome suggestions from you to better serve your vision needs.

## GUARANTEED PRODUCTS FOR GUARANTEED SATISFACTION

We guarantee all our glasses and contact lenses to meet your satisfaction. We want you to enjoy good clear vision, and we want you to enjoy your eyewear purchase.

## EIGHT REASONS WHY YOU SHOULD BUY YOUR GLASSES FROM US:

### FAST SERVICE

We have a local laboratory that delivers to our office every day so that your glasses can be made fast. Most prescriptions are ready in a few days, and some can be ready the very next day.

### OUR 20/20 PRICE GUARANTEE

We will match any competitor's price on an identical frame or we will cheerfully refund the difference if you find an identical frame at a lower price within 20 days of purchase and within 20 miles of our office.

### WARRANTY

All our frames carry a 6 month - 2 year guarantee against manufacturer defects, at no additional charge. If your frame breaks, just return the broken parts and your frame will be repaired or replaced at no cost to you. Ask any staff member for more details.

**\*Please Note:** All warranties are against Manufacturer's defect under normal wear. Normal wear does not cover product damage (including damage from pets), product abuse or lost/stolen product.

### 30 DAY EXCHANGE PRIVILEGE

If after receiving your new glasses, you decide you don't like the frame, you can exchange it for any other frame of equal price. Vision Insurance orders may not be eligible for this privilege due to your policy's limitations. Check with any of our opticians for details.

**\*Please Note:** Some insurance companies require that we use their optical lab instead of our own local optical lab for your order. In this case, we are subject to their warranties and remake policies. Please be aware that your insurance company optical lab policies may differ from our local optical lab.

### HUGE SELECTION OF FRAME STYLES

Our dispensary has over 1500 frames in stock, more than 3 times that of the average office. Our frame stylists will help you find the perfect size, shape, and color in your price range.

### PROTECTION AGAINST SCRATCHES

Our factory applied scratch resistant coating makes all plastic lenses very tough. We warranty all lenses treated with our scratch resistant coating not to scratch for one full year. Should the lenses become scratched, we will replace them at no cost to you. (Only one replacement per year.) Scratch warranty is valid under normal wear. Normal wear does not cover product damage (including damage from pets), product abuse, or lost/stolen product.

### WE STAND BEHIND OUR PRESCRIPTION

Our doctors are available to review your prescription needs if you have difficulties (at no charge if within the first 90 days.) We want you to love your glasses!

### FREE ADJUSTMENTS

Through normal wear, eyeglasses can become loose and begin to slip. We will adjust your glasses whenever necessary and at no cost to you, to ensure you have a proper, comfortable fit, all the time.
